RE: South Carolina Electric & Gas Company;
Notice of New Natural Gas Construction Project

Dear Mr. Terreni:

South Carolina Electric & Gas Company ("SCE&G" or "Company") is required to notify the Public Service Commission of South Carolina ("Commission") and the South Carolina Office of Regulatory Staff ("ORS") of new natural gas construction projects resulting in a cost of \$500,000 or more. *See* S.C. Code Ann. Reg. 103-412.2.7(A). In compliance with Commission regulation, this letter serves as notification to the Commission and ORS that SCE&G plans to improve its natural gas pipeline system by constructing a new, eight-inch plastic gas pipeline from the intersection of Highway 57 and Highway 9 in Longs, South Carolina. This new pipeline will follow along Highway 9 and end at Highway 905 in Longs, South Carolina. The construction of this pipeline will occur in two phases; Phase I construction (approximately 1 ¾ mile) is scheduled to begin on or about August 24, 2009, and Phase II construction (approximately three miles) is scheduled to occur in 2010 or later. The Company anticipates that the total cost for this construction project will exceed \$500,000.

By copy of this letter, SCE&G is also notifying ORS of this construction pursuant to S.C. Code Ann. Reg. 103-412.2.7(A).

If you have any questions, please do not hesitate to contact me.

Very truly yours,

K. Chad Burgess
